Monitors

Lightning

Multi-parameter patient monitor

ITEM	PRICE	ORDER CODE
Lightning Multi-Monitor Base Unit	£650.00	LIGHTNING
• Single Channel ECG Module (diagnostic)	+ £695.00	LIGHT-0001
• 6-Lead ECG Module (diagnostic)	+ £1250.00	LIGHT-0002
• Dual Temperature Module - YSI400 Compatible Probe	+ £195.00	LIGHT-0003
• Dual Temperature Module - miniature probes (8415)	+ £195.00	LIGHT-0016
• Pulse Oximeter Module	+ £850.00	LIGHT-0004
• Non-Invasive Blood Pressure Module	+ £595.00	LIGHT-0005
• Invasive Blood Pressure Module - One Channel	+ £850.00	LIGHT-0006
• Invasive Blood Pressure Module - Two Channels	+ £975.00	LIGHT-0007
• Bluetooth Wireless Module	+ £395.00	LIGHT-0008
• Sidestream ISA CO ₂ - internal	+ £1495.00	LIGHT-0009
• Sidestream ISA CO ₂ - external	+ £1495.00	LIGHT-0014
• Sidestream ISA AX+ CO ₂ /Nitrous/Agent - internal	+ £2850.00	LIGHT-0010
• Sidestream ISA AX+ CO ₂ /Nitrous/Agent - external	+ £2850.00	LIGHT-0015
• Sidestream ISA OR+ - CO ₂ /Agent/Nitrous/O ₂ - external	+ £3950.00	LIGHT-0013
• Mainstream IRMA CO ₂ - CO ₂ - external	+ £1495.00	LIGHT-0011
• Mainstream IRMA AX+ - CO ₂ /Agent/Nitrous - external	+ £2850.00	LIGHT-0012

Impact-III

Combining end-tidal CO₂ measurement with pulse oximetry and temperature, the Impact-III delivers performance and reliability in a robust, portable unit. (NB Only either YSI400 or 8415 Temperature modules available per unit)

ITEM	PRICE	ORDER CODE
• Impact-III with Capnograph	£1795.00	IMP-001
• Impact-III with Capnograph and Pulse Oximeter	£2645.00	IMP-002
• Impact-III with Pulse Oximeter & Temperature	£1345.00	IMP-003
• Impact-III with Capnograph with Pulse Ox & Temp	£2840.00	IMP-004
Also available to add:		
• Dual Temperature - YSI400 Compatible Probe, OR	+ £195.00	IMP-005
• Dual Temperature - miniature probes (8415)	+ £195.00	IMP-007
• Wireless Module	+ £395.00	IMP-006

MiniTemp

A robust hand-held temperature monitor designed specifically for the Veterinary market.

ITEM	PRICE	ORDER CODE
MiniTemp Temperature Monitors:		
• With 1x YSI400 Compatible Probe	£145.00	MTEMP400
• With 2x Mini-Temperature Sensors	£145.00	MTEMP415

Sentinel

The modular nature of Sentinel offers a cost-effective way of addressing your varied blood pressure monitoring needs at a reduced cost compared to buying separate units.

ITEM	PRICE	ORDER CODE
Sentinel Base Unit	£400.00	SENTINEL
• NIBP Module	+ £595.00	SENT-0001
• Single Channel IBP Module	+ £850.00	SENT-0002
• Dual Channel IBP Module	+ £1295.00	SENT-0003

ICON

Icon is a new in-circuit oxygen monitor designed for use in veterinary operating theatres and intensive care wards.

ITEM	PRICE	ORDER CODE
ICON In Circuit Oxygen aNalyser	£275.00	ICON

ECG Machines

Lightning

Multi-parameter patient monitor

ITEM	PRICE	ORDER CODE
Lightning Multi-Monitor Base Unit	£650.00	LIGHTNING
• Single Channel ECG Module (diagnostic)	+ £695.00	LIGHT-0001
• 6-Lead ECG Module (diagnostic)	+ £1250.00	LIGHT-0002

Sapphire Plus

A wireless system designed for the remote continuous monitoring and diagnostic investigation of animals.

ITEM	PRICE	ORDER CODE
Sapphire Plus Single-Lead ECG System	£695.00	SAPPHIRE1
Sapphire Plus Single-Lead ECG System – AA	£695.00	SAPPHIRE1-AA
Sapphire Plus Six-Lead ECG System	£1295.00	SAPPHIRE6
Sapphire Plus Six-Lead ECG System – AA	£1295.00	SAPPHIRE6-AA

Ventilators

ITEM	PRICE	ORDER CODE
SAV04 Small Animal Ventilator	£1195.00	SAV04
Merlin Small Animal Ventilator	£4950.00	MERLIN
Tafonius large Animal Ventilator	Enquire	TAFONIUS

Servicing & Upgrade charges

Product Servicing

We will routinely contact you on the anniversary of the sale of a product or a year after the last product service to remind you that a service for your unit is recommended. There is no obligation to take up this service and if you decide not to have a service this time, we will not contact you again on this matter for a further 12 months.

Smaller Products

We want to make servicing as simple as possible for you. For the smaller items such as SAV03, SAV04, Capnovet-10 and Lightning/Sentinel systems we usually leave it to you to post it to us as it is simple and relatively inexpensive to do so. However, if you wish us to collect any item from you we can do so using one of our contracted couriers. This applies whether you are in the UK or anywhere else in the world. We will advise you of the extra cost that this collection will incur.

Merlin and larger products

The Merlin service procedure is simple. We will contact you to remind you that a service is due. We will arrange a convenient date and then send you a loan Merlin on that date in a special heavy duty crate. All you need to do is remove the loan unit and place your own unit in the crate and secure it following the instructions provided. We will then arrange collection, service and return of your Merlin, usually all within 3-4 working days. Once the loan Merlin is placed in the crate ready for collection we will arrange collection of the loan unit. All arrangements are usually made via e-mail.

For larger products other than Merlin we can arrange collection and provision of a loan unit (where applicable) in a similar manner. Please call us to discuss any special requirements.

Repair charges

If your unit or product purchased from Vetronic Services goes wrong, you can send it in to us for assessment and we will get back to you with the costs.

Assessment costs are as follows:

Assessment of Vetronic cable or lead - £5.00

Assessment of Vetronic electronic equipment - £10.00

We would also repair your electronic equipment purchased from another supplier:

Assessment of non-Vetronic electronic equipment - £45.00

For prices on any items not listed, please do ask.

Terms E&O.E

Prices do not include postage or VAT.
